Tarun Mansukhani's full-entertainer comedy, Dostana was a big hit at the box office some decades ago. Even now, the film looks fresh and rejuvenating. John Abraham, Abhishek Bachchan, and Priyanka Chopra's Jodi were much-loved by the fans and audiences who watched the film.

According to the reports from the close sources, the filmmakers are planning to come up with the sequel to this film and Karan Johar has also given nod to a story. The script of this film will be locked by the end of this month and the film is expected to go on the floor at the start of the next year.

Reports further confirm that none of the star cast of the original film will be a part of the sequel. There would be a girl playing the lead role and the love interest to form a love triangle but she will definitely not be Priyanka.

Now fans need to see if Dostana 2 with all-new star cast can recreate the success of its original?
