According to the latest reports, if everything goes well, Mahesh Babu will share the screen space with 'Zero' actress Katrina Kaif. If the reports are to be believed, Telugu film director Sukumar is all set to launch both of them in his upcoming film. The untitled film though yet has already created a buzz after the filmmaker announced that he is trying hard to bring Katrina and Mahesh in a single frame.

If everything goes well, Katrina will be doing her third Telugu film after making Telugu debut with Venkatesh Daggubati's Malliswari in 2004 and then Allari Pidugu in 2005 with Nandamuri Balakrishna.

On the work front, Katrina will be seen in 'Bharat' opposite Salman Khan.
