

## Jacqueline Fernandez on a split challenge pulls her legs out for a flexible stretch

Posted by [Sumit](#) | January 22, 2019

Jacqueline Fernandez is one of the fittest actresses of the tinsel town who never fails to impress everyone with her personality as well as professional life. The actress never misses her routine workout and serves as an inspirational source for millions of her fans following her.

À

Jacqueline recently shared her picture sweating it out at the gym giving her fans major fitness goals. The actress is ready for a split challenge and she is showing her flexible body.

The actress looks peaceful in her white and black gym look. In this picture, Jacqueline is seen pulling out her leg for a flexible stretch. This picture of the actress will definitely encourage you to hit the gym immediately.

Jacqueline is enjoying her stretch in deep meditation. No wonder how the actresses manage to balance between their fitness regime and professional commitments.
