Alia Bhatt is one of the youngest actresses of the tinsel town who has marked her presence in the Bollywood Industry within a very short span. The actress is currently in news for dating her Ayan Mukherjee's debutant directorial "Brahmastra" co-star Ranbir Kapoor.

Alia and Ranbir are currently dating each other. Though both of them have refrained from talking much about it, Alia recently talked about her relationship. For the wedding, she said people have been busy last year seeing weddings of two beautiful stars of the Industry and now they need to chill and take some rest.
