Zero, Aanand L Rai's most-happening film of the year starring SRK, Katrina Kaif, and Anushka Sharma in the lead roles. These days, Katrina Kaif is really busy in shooting for her film with SRK. She is a versatile actress who had earlier acted in films like Jagga Jasoos. This Jagga Jasoos girl posted her one of the best pictures from the sets of the film, Zero.

In the above-picture, the actress can be seen wearing a bridal dress. Her peach-colored lehenga, heavy earrings, nose rings, and other accessories truly do the justice to her attire in the film. We guess this scene is from the wedding scenes of the film.

Katrina is seen playing a completely different role in the film. Her fans would get a chance to see her struggling with alcoholism. The actor, SRK is dwarf in the film. Anushka Sharma is a struggling scientist.
