Actress Kareena Kapoor Khan has previously worked with Shah Rukh Khan, Aamir Khan, Saif Ali Khan, and Salman Khan but she feels more "privileged" working with Irrfan Khan in "Angrezi Medium".

She further added that he is one of the finest actors among all the Khans and for her, he is the biggest of all Khans. Her role may be small but she is so excited and really looking forward to the film.

The actress will begin shooting from May 15. This film featuring Radhika Madan and Pankaj Tripathi will hit the screen soon.
