Deepika Padukone is set to play a very powerful female character of her upcoming feature titled, Mahabharat. This time, she will be seen playing Draupadi and adding life to this character on-screen. Not only this, she will turn producer for the film with Madhu Mantena.

This film is expected to hit the screen in multiple parts. The first part of its franchise will be released on Diwali 2021.

While giving an interview, Deepika said that she is absolutely thrilled and honored to be roped in for the role of Draupadi.

Meanwhile, on the work front, Deepika will be seen in much-awaited 'Chhapaak' sharing screen space with Vikrant Massey under the direction of Meghna Gulzar.
