Salman Khan's mother Salma Khan turned a year older today and celebrated her birthday with friends and family members. Her Daughter Arpita Khan Sharma took to her Instagram and shared some adorable pics from her mother's birthday wherein we can see mom carrying her million-dollar smile on her face as she cut her large pink and golden cake with a little help from her grandson Ahil Sharma.

In this pic, we can see the birthday girl cutting her cake with beautiful decoration on the top as her friends and family wish her a lovely birthday song.

Uncle Salman Khan will celebrate his birthday at the end of this month and we hope to get more pics from Ahil soon.
