Bollywood actress Disha Patani is on fire as her latest offering Baaghi 2 is inching towards the Rs 100-crore mark. Excellent response from the audience is boosting the fame of actress. The actress is also keen on making a striking debut in South cinema with director Sundar C's Sangamithra.

In 2017, the makers of Sangamithra announced that Disha Patani will play the titular role, replacing Shruti Haasan.

The film, which was supposed to go on floors in January 2018, had to be put on the back burner for a while because of Disha's commitments.

Sangamithra will hit the floors in July now, says a report in Mumbai Mirror.
