As per the Editor of popular UK based magazine Eastern Eye, Å Deepika Padukone is number one Bollywood star overall on the three most popular social networking sites (Facebook, Instagram & Twitter) with the most combined real followers.

With the ongoing dismissal of bot accounts, Twitter has conducted an audit to verify the number of fake followers or ghost accounts. In a social media check, it has emerged that Bollywood's leading lady Deepika Padukone reigns social media with the highest number of genuine followers amongst celebrity pages.

Deepika's fandom and massive audience pull resulted in Padmaavat becoming the first 100cr club film of 2018.
