

This picture of Kriti Sanon from her Switzerland vacay will give you major vacation goals!

Posted by [Sumit](#) | December 14, 2019

Kriti Sanon is one of the finest actresses of the tinsel town who never hesitate to share her pics and video with her fans on social media. This time, the actress is relaxing in Switzerland and her latest Instagram picture is proof that she is all prepared to give her fans major vacation goals!

À

Recently, Kriti shared a few pics from her Switzerland vacay where we could see her posing in front of snow-capped mountains. The actress posed with her million-dollar smile. She looked pretty in her neon green puffer jacket, denim, gloves, boots, and a cap. We must say that the actress is all packed up as per this winter of Switzerland.
