Kareena, who is on this month's cover of Brides Today, was asked who was the more romantic of the two, and without a moment's hesitation, she said, "Saif!" The actress then went on to reveal the most romantic thing Saif has ever done for her, and it involves their son, Taimur Ali Khan.

"He has done lots of romantic things," she said, adding, "I think the most romantic thing is when my son points at it now and asks. Like, he is all the time looking at that tattoo. And Saif is like, 'This is your amma's name'. And he (Taimur) keeps wondering like, 'What is he saying?' I think that's a special moment for me."
